ABOUT THE NEWSLETTER

This monthly newsletter presents a snapshot of the academic, co-curricular, and extracurricular activities conducted by the college during the month. It reflects the institution's commitment to quality education and holistic development.

Academic/ Co-Curricular/Extra-Curricular Activities and Achievements

Report on Walkathon on International drug addiction and Abuse. Organized by: AIMS in association with NSS, YRC & Sports

Aditya Institute of Management Studies proudly participated in a Walkathon organized by the NSS, YRC, and the Sports Department on 1st July 2026 at 10:30 a.m. to mark the International Day Against Drug Abuse and Illicit Trafficking.

The walkathon covered a distance of 2 kilometers, beginning from the AGI Campus and concluding at AIMS College. Students enthusiastically participated in the awareness rally, carrying placards and making public announcements to educate people about the harmful effects of drug abuse and addiction. Through their messages, they highlighted how drug addiction destroys lives, affects

families, and poses a serious threat to society.

The participants appealed to the public to stay away from drugs and to lead a healthy, responsible, and drug-free life. The event concluded successfully with a strong message emphasizing that human life is precious and that everyone should say "No to Drugs" and encourage others to do the same.

The walkathon served as an effective platform to spread awareness and reinforce the importance of preventing drug abuse and promoting a healthier society.

The programme commenced with a prayer and the ceremonial lighting of the lamp by the Heads of Departments and faculty members, symbolizing the beginning of a new academic journey filled with knowledge and success.

The welcome address by Mrs. Sangeetha R., Head of the Department, BCA, was followed

by an inspiring session by Dr. Nagaraja Y. P., who motivated students to embrace discipline, academic excellence, effective communication, technical skills, and active participation in campus life.

Students were introduced to the faculty members and gained valuable insights into the academic curriculum, examination process, attendance requirements, internships, placements, and the wide range of facilities available at AIMS. A captivating college presentation showcased the vibrant campus, modern infrastructure, student achievements, and numerous opportunities for holistic development.

Outcome

The orientation programme successfully familiarized students with the AIMS ecosystem, strengthened their confidence, and inspired them to make the most of the academic, co-curricular, and professional opportunities available. The event laid a strong foundation for a meaningful and successful college journey. The programme commenced with a

UG Freshers Orientation Programme (2026–2027)*

Topic: Games and Sports
As part of the UG Freshers Orientation Programme for the academic year 2026–2027, a Games and Sports session was organized to encourage physical fitness, teamwork, leadership, and active student engagement. The programme aimed to provide freshers with an opportunity to interact with their peers, develop team spirit, and experience the importance of maintaining a healthy and active lifestyle.

A variety of fun and engaging activities were conducted throughout the session. Interactive games such as Building a Tower using Balloons and Paper Cups, Guess the Picture, and Wrong Answer Only encouraged students to think creatively, communicate effectively, and collaborate with their teammates in a lively and enjoyable environment. The programme also included outdoor sports activities such as Volleyball and Throwball, allowing students to showcase their sporting spirit while improving coordination,

physical fitness, and teamwork.

The Games and Sports session successfully fostered a positive and energetic beginning to the students' college journey. The activities strengthened teamwork, communication, leadership, and problem-solving skills while promoting physical fitness and overall well-being. The programme also provided an excellent platform for students to build friendships, boost their confidence, and develop a sense of belonging within the AIMS community.

Aditya Institute of Management Studies (AIMS), Bengaluru, proudly congratulates Nithin Y, BCA – 6th Semester, on achieving an outstanding 10 SGPA. This exceptional accomplishment reflects your dedication, perseverance, and commitment to academic excellence. Your success is an inspiration to your peers and a testament to the quality of education and guidance at AIMS. We wish you continued success as you reach greater milestones in your academic and professional journey. Keep striving for excellence and making us proud!

Aditya Institute of Management Studies and Research (AIMS) organised a Project Training Program on MERN Stack Development as an initiative of the IQAC, IIC, and IT Forum, in association with Anudip Foundation. The program provided students with valuable exposure to

modern full-stack web development and introduced them to MongoDB, Express.js, React.js, and Node.js—the four core technologies of the MERN Stack. The session highlighted the importance of practical, project-based learning and provided insights into frontend and backend integration, software development processes, real-time project development, coding practices, teamwork, and problem-solving. Students also gained awareness of industry-oriented training, certification and placement opportunities, as well as career prospects in MERN Stack Development, Full-Stack Development, and Web Development.

As part of the UG Orientation Program for the academic year 2026-27, an interactive session on computer skills and applications relevant to their academic journey.

To make the session interactive, activities such as roleplay, a quiz, and an ice-breaking session were

conducted. The roleplay allowed

students to creatively express their understanding of everyday computer scenarios, promoting collaborative learning and communication skills. The quiz tested their grasp of basic concepts in a fun and competitive manner, boosting their enthusiasm and participation. During the ice-breaking session, a memory chain game was played to help students connect with one another.

Students responded with great interest and actively participated throughout the session. Overall, the orientation successfully built a strong foundation in computer skills while encouraging active engagement and peer interaction.

Topic* : *Yoga for Health and Well-being*

As part of the UG Freshers Orientation Programme for the academic year 2026–2027, a Yoga for Health and Well-being session was organized to promote physical fitness, mental wellness, and a healthy lifestyle among the newly admitted students. The session aimed to emphasize the importance of maintaining a balanced mind and body, enabling students to adapt confidently to their new academic environment.

The session began with a brief introduction highlighting the significance of yoga in improving overall well-being, enhancing concentration, reducing stress, and developing self-discipline. Students were encouraged to adopt healthy habits and incorporate simple yoga practices into their daily routine to support their academic performance and personal growth.

The practical session included deep breathing exercises, gentle

warm-up movements, neck, shoulder, wrist, and ankle exercises, followed by simple yoga postures such as *Tadasana* (Mountain Pose), *Ardha Kati Chakrasana* (Side Stretch), *Forward Bend* , *Vrikshasana* (Tree Pose). Students also practiced *Anulom Vilom* and *Bhramari Pranayama* , which helped them experience relaxation, improved focus, and inner calm. The session concluded with a short relaxation exercise, allowing participants to refresh both their body and mind. Students participated enthusiastically and followed the instructions with great interest. The session created a positive and energetic atmosphere, encouraging students to appreciate the importance of regular physical activity and mindful living.
